

Testimonies - 2019 Empowered Men's Catholic Conference

“What Men are Saying about Last Year's Conference”

Your own testimony and that of others you personally know is arguably our best way to inspire other men. That said, see below for some of the Feedback we received from 2019. It was almost 100% positive, with most exceptions being the venue's heat issue.

Hopefully this can be helpful in all of our promotion's efforts
